

Name(s): Brandon Wise
Course: Consumer Economics
Unit:

Dates: April 6 & 7, 2009
Department: Business
Grade Level: 10, 11, 12

Period/Time: 1, 7:20-8:05

Unit Topic: Immigration

What impact did immigration have on business and technology? Business/Economics

Essential Question:

	4/6/09	4/7/09
Objectives	Students will understand the economic impacts of immigration on GDP & the unemployment rate	Students will understand how immigration has affected globalization. They will also gain knowledge of proposed tax breaks for companies that end outsourcing.
Activities/ Procedures	Students will engage in a group discussion on their opinions of the objective. Students will then view data/statistics on Immigration, GDP, & the unemployment rate. Students will identify trends by filling in data tables and giving explanation on the reasoning for the trends.	They will brainstorm companies that outsource jobs and view articles on trends regarding foreign companies migrating to the US. They will view proposed Obama tax plan and give opinions on the effectiveness of tax breaks for companies keeping jobs in America
